Zahran Rafi Aldiansyah, Full Stack Developer

+62 8521 4950 209 | Depok, Indonesia | zahranrafi.zr@gmail.com | linkedin.com/in/zahranrafi/ | rafizahran.vercel.app/

I am a recent Informatics Engineering graduate from Gunadarma University, with a strong focus on **full-stack development**. My expertise includes building dynamic applications using **JavaScript** frameworks such as **React**, **Node.js**, and **Express.js**. I'm also highly skilled in **WordPress** development. As a quick and eager learner, I absorb new knowledge easily and am always excited to explore new technologies. To explore my past projects and see what I can do, feel free to visit my website.

WORK EXPERIENCE

Aug 2024 – Juli 2025

IT Support, CV. Kreasi Bangun Indonesia, Jakarta
- Provided IT support with a focus on automation and process improvement for the finance department.
- Developed Excel macros using VBA to automate the creation of invoices, reducing manual data entry and increasing efficiency.
- Implemented key features, including a dynamic client dropdown menu and automated functions to save invoices as static Excel files and PDFs, and to generate new invoices with automatic number increments.

Dec 2022 – May 2023

Full Stack Developer Intern, PT. Business Connection Worldwide, Jakarta
- Contributed to the development and maintenance of the company's website using WordPress.
- Designed and created the landing page to enhance user experience.
- Provided ongoing technical support and troubleshooting.
