Zahran Rafi Aldiansyah, Full Stack Developer

+62 8521 4950 209 | Depok, Indonesia | zahranrafi.zr@gmail.com | linkedin.com/in/zahranrafi/ | rafizahran.vercel.app/

Dynamic and versatile Full-Stack Developer with a year of experience specializing in backend solutions. Combines a solid foundation in front-end technologies, including HTML, CSS, and JavaScript, with expertise in robust backend frameworks like Node.js and Express. Passionate and a quick learner, adept at rapidly acquiring new skills to meet project demands. Proven ability to optimize website performance and enhance user experience through proactive troubleshooting and technical support. Committed to collaborating effectively with cross-functional teams to achieve project goals. Eager to contribute to innovative projects, leveraging a strong background in database management and version control.
